**ESTABLISHED 1860**

*In 1956 I succeeded my father, Camille L. Gairoard, as President of Kraeuter & Co., Inc. It is my determination to perpetuate his memory by continuing the high standards of quality and workmanship demanded by him throughout his long association with our company.*

*Kraeuter & Co., Inc., will celebrate its 100th Anniversary in 1960 . . . a tribute in itself to the wisdom and enterprise of management and the skill and loyalty of employees. But more than being one of the oldest, Kraeuter & Co., Inc. is one of the most respected manufacturers in the country today. This reputation I pledge to uphold.*

*I take this opportunity to thank our many valued customers and users of our products. I appreciate your friendly cooperation.*

# KRAEUTER INDUSTRIAL SNIPS

Designed for the tinner, mechanic and professional user. Drop forged from the finest steel, these snips are accurately ground and finished on new cutlery machinery to provide faster, smoother cuts with less wrist fatigue. The blades are skilfully hardened and tempered for longer wear. The handles are correctly shaped for comfort in either hand and proportioned for extra leverage with perfect balance. Each pair is tested and inspected, assuring the skilled workman of a superior snip that cuts easier and stays sharp longer.

## LEATHER TOOL POUCH

Five pockets, with leather tape holder. Stitched with 7-cord top quality linen hot waxed thread, locked to solid leather back with steel rivets. Pockets made of pliable, form-fitting Russet Leather. Designed for mechanics and servicemen to carry pliers, wrenches, screwdrivers, other small tools and tape.

Size .....8" x 9"

SAFETY GRIPS

## SAFETY GRIPS

Available to fit most pliers. Knurled, easily applied without heat. These non-explosive grips provide comfort with utmost protection.

For 6", 7", 8" and 8-1/2" Pliers.

## LEAF SPRING IN HANDLE

Replaceable leaf spring keeps the pliers in open position, ready to work. Effectively used by women operators to increase efficiency and reduce wrist fatigue. Available for most pliers, spring can be provided at slight additional cost, separately or in combination with cushion grips.

## CUSHION GRIP "CG" HANDLES

Bright colored Vinylite, factory applied and properly cured, withstands rough use, twisting and abrasions. On the production line, cushion grips are resilient, easier on the hand. They are tough, will not crack or peel, and resist water, acid and alkali solutions, greases, oils and chemicals. To hobby and model craftsmen, and to professional mechanics, they give pliers the "feel" of comfortable and more accurate control. Specify prefix "CG" with tool number when ordering. See pages 5, 6, 7, 8, 9, 10, 11, 12.
